

Residential Meter Permit District: 7th to 8th St: Hill to Locust

This residential street meter permit is valid only in the following locations:

- 7th Street: Bluff to Locust (3 meters)
- 8th Street: Hill to Locust (63 Meters)
- Bluff Street: 700 Block (15 meters)
- Locust Street: 700 Block (15 Meters)

Vehicles with a valid permit may park at any meter shown on the map above. Vehicles parked at accessible meters must have a valid accessible hangtag displayed or accessible license plates.

- There are **10** permits issued in this district, distributed on a first-come-first-serve basis to individuals residing at an address within the defined district with proof of residency. No more than 1 permit shall be issued for each housing unit. (The green shaded area on the map above indicates residency requirements)
- Permit holders must abide by all city ordinances while parked in the district, including alternate side parking (signs are posted on both sides of the street listing alternate-side parking hours).
- This permit does not guarantee a parking space or reserve a meter in the assigned area, but this permit does protect vehicles from citation for meter payment or length of parking time.
