SUSTAINABLE DUBUQUE COMMUNITY GRANT UPDATES: Sustainable Dubuque Grant Recommendation Dem Greenz decision: Boles motions to include in recommendation to Council. Roussell seconds. Motion carries - unanimous vote to include in recommendation.

Before voting to move the recommendation to Council, the Commission had a discussion regarding Crescent Community Health Clinic's application, specifically regarding the line, "Individuals who identify as African-Americans diagnosed with hypertension will be given the opportunity to attend class and receive additional support to assist in their disease management." There was concern that discrimination based on race is described in their application. Commission debated how grants are scored and if the process should be changed for future rounds. Discussion ensued. Determined that for future SD grants, discussion would be held during commission meeting, not by a subcommittee.

Boles motions to forward the recommendation to Council with:

A) the addition of Dem Greenz project recommended for funding (per earlier vote) and
B) (contingent upon the decision of the City Attorney regarding Crescent Community Health Center's application) include or exclude Crescent Community Health Center's application from the recommendation.

Commissioner Booth seconded, Commission Kennicker abstained (she serves on the board of CCHC), Motion carries unanimously.

Commission additionally requested to include in the recommendation using \$500 of the remaining funds to market e SD grants for the next round. Specifically, the commission would like to focus on renters and underserved populations and potential grantees who have not applied before or do not know about the program. A variety of strategies and ideas were discussed, including direct mailing and boosts on social media.

Commissioner Roussell motions to approve including this in the recommendation; Commissioner Jayawickrama seconds. Motion carries unanimously.
