Strategic Planning Sessions Results
September 27, 2021

Strategic Priorities (draft #4), in rank order

1. Right-size City Arts & Culture staff support and its role within larger City organization, budget, and Commission structure to support the growing needs and impact of arts and culture nonprofits and the creative sector on the vitality of Dubuque.
   a. Including analyzing of Commission framework, reviewing and revising size, examining diversity of members, defining inclusion and accessibility, defining roles/responsibilities and changing roll-off of terms for commissioners.

2. Proactively support implementation of Master Plan Proactively support implementation of Master Plan in alignment with other City plans and City Council goals
   a. Including gaining support and providing recommendation to reinvent Community Engagement Strategic ecosystem, identifying reporting structures and measurables between all elements.
   b. Including actively infusing diversity, equity, accessibility and inclusion efforts into all commission and master plan work (recruitment, grants, training, strategic planning, etc.) possibly developing a Community Engagement role within the commission and/or department.
   c. Including analyzing of Commission framework, reviewing and revising size, examining diversity of members, defining inclusion and accessibility, defining roles/responsibilities and changing roll-off of terms for commissioners.

3. Continually strengthen and elevate impact of arts and culture grant programs by:
   a. Reviewing on an ongoing basis at regular intervals.
   b. Identifying key performance indicators and determine how to track and share KPIs with City leadership and community to prove value
   c. Examining changing needs of external partners and creative sector adjusting eligibility criteria, award allocations, etc.

4. Identify and develop resources to support the top 3 priorities through continued partnerships, relationships, and collaborations with other arts & culture, philanthropic,
and equity-focused organizations, schools at all levels, and individual artist, especially artists of color, etc.
Miscellaneous “Stuff” to Keep on the Radar for Future Strategic Discussions

Will the commission be more than seven members?

How will diversity be defined and how will it be increased in terms of commission make-up? How will diversity as a focus be infused into the priorities, objectives and outcomes of the strategic plan?

Advocating to and communicating about the Commission and its work to City Council should be infused into all priorities or become a 5th priority of its own.

If so, could it be defined as “Actively promote the public profile of Dubuque as an Arts and Culture destination

Also, facilitate further discussion on the formation of a 501c3 for an arts advocacy non-profit organization

Keep the DEAI emphasis in Priority #2

The Economic Impact study should stay within the 2nd priority

Discuss further the idea that arts means ‘social-emotional public health’

Does the grants program fall into any of the working groups in the Master Plan?

Are Commission members required to sit on a grant program committee?

Further discussion, while developing the strategic plan, needs to focus on the phasing of the priorities and objectives by year (what can be accomplished in Year 1 of the plan, Year 2, Year 3)?

Have further discussion on the role of a Community Engagement staffer and/or a communication staffer

Discuss ramifications of moving the Arts & Culture staff position to a department other than Economic Development. What we ask for is what we will get ... and what will get funded and raised up.

Continue discussion about how to connect to the Multicultural Family Center and to the Community Foundation of Greater Dubuque

Discuss how to keep professional development for staff and commission members top-of-mind and into the plan in some way

Have deeper discussion about changing the commission’s role as ‘Advisory’ to ‘Working’. Be cognizant of codes City Council rules/guidelines.
