NEWS RELEASE

Nov. 22, 2010 -- For Immediate Release

Public Information Meeting for Southwest Arterial on Nov. 29

DUBUQUE, Iowa – The City of Dubuque will host a public information meeting on the Southwest Arterial project from 6 – 8 p.m. on Monday, Nov. 29, at the Dubuque County Firefighters Association Emergency Responder Training Center at 14928 Public Safety Way off Seippel Road.

City staff and project consultants will provide an update on the Southwest Arterial project, discuss new design modifications, review the project schedule, and respond to feedback and questions from the public.

The Southwest Arterial will be a 6.1-mile, four-lane, divided freeway providing an alternative route for traffic through southwestern Dubuque. It will connect U.S. Hwy 61/151 near the Dubuque Technology Park with U.S. Hwy 20 near the Dubuque Industrial Center West and Dubuque Industrial Center. A complete project summary and additional background is available online at www.cityofdubuque.org/southwestarterial.

For additional information regarding this meeting or the Southwest Arterial project, please contact Assistant City Engineer Bob Schiesl at 563-589-4270 or bschiesl@cityofdubuque.org.
