Boards and commissions play an important role in governing the City of Dubuque. Membership is not to be taken lightly but should be considered as a contribution to maintaining and, in many instances, improving the quality of life in the community. These advisory groups can be valuable community assets and effective partners with the City Council and City staff in guiding the future of the community. Boards and commissions members: provide a valuable link to the community and to the various interests that make up the community; assist in the development of policy recommendations to the City Council; provide leadership and support to City staff; promote the City and its programs; and provide expertise in specialized areas.

The satisfaction of serving in a volunteer capacity as a member of a public board or commission is a personal achievement and provides a sound basis for further public service. Such service also lays the foundation for being effective citizens after membership on such boards and commissions has ceased.
