NEWS RELEASE

Jan. 5, 2011 – For Immediate Release

Dodge & Hill Street Intersection Modified

DUBUQUE, Iowa – Effective today, the City of Dubuque, in cooperation with the Iowa Department of Transportation, has implemented a new traffic plan to improve safety and efficiency for motorists exiting Hill Street onto westbound U.S. 20 (Dodge Street).

The City has painted white diagonal lines and installed a “Stop Here Until Car Ahead Enters Highway” sign in advance of the stop sign on Hill Street at U.S. 20. If multiple cars are present, each motorist is required to stop behind the painted areas until the car at the stop sign proceeds onto U.S. 20. Then, the next motorist can proceed to the stop sign and enter onto U.S. 20 when it is safe to do so.
