NEWS RELEASE

Aug. 5, 2011 – For Immediate Release

Dubuque's City-Wide Curbside Collection Ends Today

DUBUQUE, Iowa – The City of Dubuque's no-charge, citywide collection of stormwater-damaged items from its solid waste collection customers ends today. As of yesterday, the City's solid waste collection crews had collected 252 tons of items from approximately 3,800 households.

City of Dubuque solid waste collection customers still needing City collection of stormwater-damaged items must now contact the Public Works Department at 563-589-4250 to schedule a pickup. Calls will be taken between 7 a.m. and 4 p.m. on Saturday, Aug. 6, and Monday – Friday, Aug. 8-12. Service requests can also be submitted online at www.cityofdubuque.org.

As always, customers cleaning out non-storm damaged items can schedule a large item collection appointment (563-589-4250), set items and materials out as extra trash on their regular day of collection with green stickers, or self-haul them to the Dubuque Metro Landfill (\$8 minimum fee).
