NEWS RELEASE

August 17, 2011 – For Immediate Release

Public Meeting Scheduled for Proposed Intermodal Facility

DUBUQUE, Iowa –The City of Dubuque will hold a public meeting at 6 p.m. on Wednesday, August 31, to discuss the proposed Intermodal Facility in the Historic Millwork District. The public is invited to attend to learn more about the plans and provide input. The meeting will be held in the City Council Chambers at 350 W. 6th Street, Second Floor in the Historic Federal Building.

Over the past several years, the City Council has established the construction of an intermodal facility as a top priority. It is anticipated that this facility would integrate parking and transit components in the downtown area. It has been envisioned that this facility would accommodate the following modes of transportation:

- Passenger Rail (Amtrak)
- The Jule – local office, bus storage, transfer point
- Burlington Trailways
- Lamers Bus Lines
- RTA
- Taxi service
- Electric bicycle system
- Excursion boats
- Walking/bicycling trail point
- Hotel shuttles

The City has hired a consultant, Neumann Monson, to develop a preliminary design for an intermodal facility. The goal of the August 31 meeting is to solicit public input on the specific needs of this facility.

For additional information, contact David Heiar in the Economic Development Department at (563) 589-4393 or dheiar@cityofdubuque.org.
