ACTION ITEMS

Presentation on Status of Landlord Accountability and Landlord/Tenant Issues

By Crenna Brumwell and David Harris

- Support in evicting for cause: two provisions added to City Code regarding clear and present danger or disorderly house under public nuisance ordinance.
- Background checks in place as of July 1 – takes only about five minutes to get the report and Landlords happy with that. Currently free to landlords if use City service. Doing check is mandatory, but they can choose another service within certain parameters.
- Forms and release for tenant database up and running since last week and landlord can choose to provide factual and verifiable information to City. Asking landlords to also provide positive information on good tenants. This information stored at Police Department and released to Landlords in conjunction with

background checks. If tenants want to view background check, they can-not get copy. Tenants also permitted to dispute what is in tenant database.

Crime free multihousing, also mandatory, now being offered to all Landlords. Should be completed within three years. Training has been expanded and updated. Also, over lunch, various agencies/resources for Landlords and their tenants available. Some legal research is being done by Crenna regarding the requirement to publish information on Landlords with code violations.

David Harris provided written summary of Housing Department progress on recommendations. We now have assisted living options for Section 8 recipients, which was not available in Dubuque before.

Rachel Daack asked how worried we are about displacement of individuals who, for example, cannot get a Section 8 voucher or who have a criminal history of any sort – whether any concern about that.

Crenna Brumwell explained City teaches Landlords how to create reasonable policies on criminal checks and clarified Landlords get to choose what the policy will be for their properties and how it is applied. City does not dictate the policy for any Landlord.

Regarding homelessness, David Harris indicated there are two programs that exist through Project Concern. Rachel Daack indicated there are more children homeless this year in the schools according to information she has received.

Status of Section 8 HUD Audit

- Nothing has been received on the HUD audit.

Telegraph Herald “I’m a DBQer” Series

- Doug Stillings met with team from Telegraph Herald and they provided concepts. Ultimately, what it comes down to is where the funding will come from. Telegraph Herald has agreed to one-to-one match for each ad purchased. One-third of a page is \$1,320 and that is needed to run one, so need approximately \$8,000 to run six paid ads matched by six free from Telegraph Herald. Doug asked for funding ideas.
- Suggestions Included: Mike Van Milligen suggested writing letter to Greater Dubuque Development Corporation, Dubuque Area Chamber of Commerce, Community Foundation of Greater Dubuque and the City of Dubuque seeking funds. Susan Stork suggested adding Women’s Giving Circle. Amanda Elkins indicated could ask businesses to sponsor, but keep that on back burner

because of negative fallout on businesses in the past for getting involved in diversity issues.

Discussion of Presentation to City Council

- Rachel Daack and Doug Stillings developed draft report to City Council and it had to be turned in this week, but there is still time to amend or withdraw it. Opened for discussion. Mike indicated Barry drafted an ordinance to continue for another year with current people being reappointed.
- Ann Ernst expressed concern about time and expense to City with staff member presence. Also City has taken the recommendations in hand and is moving forward. She suggested committee be clear on goals and expectations for selves for another year. Discussion followed, noting that some recommendations have not been enacted yet, so continuation makes sense and the issues continue to be sensitive in the community.
- Susan Storck suggested amendments to the draft include adding details of number of meetings and specific locations where held; also add each place a member spoke. Second, specify degree to which crime rate has decreased. Mark Dalsing will update the crime rate summary sheet with statistics to attach.
- Examples of speaking engagements by members: Lions, Sertoma, Point Neighborhood, Rotary Club.
- Draft should also include an attachment of the two-sided sheet with list of recommendations and sheet from Mark Dalsing on crime statistics.
- City staff will make changes requested.
- Amanda Elkins moved to present the draft and attachments, as amended by staff, to City Council at the December 19, 2011 meeting. Anthony Allen seconded. All in favor.

Review Point-by-Point the Recommendations from the Task Force and Vote If Appropriate Action Has Been Taken

- Ann Ernst deferred her point-by-point discussion to a future meeting, if there is one.

Formal Vote if Committee Should Request Continuation for Another Year

- This agenda item was resolved by approval of the report discussed above, in which this recommendation is explicitly made

ADJOURNMENT: Motion to Adjourn made by Diane Callahan and seconded by Rachel Daack. All in favor

Respectfully submitted,
