NEWS RELEASE

December 23, 2008 – For Immediate Release

Dubuque Residents Asked to Dig Out Hydrants

DUBUQUE, Iowa – With even more snow predicted, the Dubuque Fire Department is asking residents to remove snow from fire hydrants located near their homes.

“In order to prevent unneeded delays during a fire emergency, we need residents to assist us in making sure all hydrants are accessible throughout the winter,” said Dubuque Fire Chief Dan Brown. “Seconds count in an emergency and we would greatly appreciate their assistance in this important matter.”
