Oct. 15, 2013 – FOR IMMEDIATE RELEASE

Applicants Sought for Third Round of Sustainable Dubuque Community Grant

DUBUQUE, Iowa – In FY2013, the Dubuque City Council approved \$25,000 to fund a new Sustainable Dubuque Community Grant program. Sustainable Dubuque is now seeking applicants for the remaining grant funds available in the third round of the program. Deadline to apply is November 1.

The grant program, as defined by the Sustainable Dubuque Collaboration, is intended to encourage community involvement in the Sustainable Dubuque initiative, to reach out to a diverse set of community partners, and to track measurable impact in the community. Non-profits, businesses, clubs, organizations, and groups of passionate residents are encouraged to apply. The grant application involves identifying a project that addresses at least one of the twelve Sustainable Dubuque principles outlined at www.sustainabledubuque.org, making the project educational and engaging, and telling the story.

Groups who previously received funding from this program will not be eligible for additional funding for one year from their first grant award. Groups who were unsuccessful in previous applications may compete with the project originally proposed or with new projects.

To apply for the grant, please visit www.sustainabledubuque.org. For more information, contact Cori Burbach, Sustainable Community Coordinator for the City of Dubuque at (563) 589-4110, or Anderson Sainci, Americorps VISTA for the City of Dubuque at (563) 690-6058.
