Carnegie-Stout Public Library
Board of Trustees
Meeting Minutes of January 23, 2014

The Board of Trustees of the Carnegie-Stout Public Library (C-SPL) met in the Lacy Board Room at 4:00 p.m. on Thursday, January 23, 2014.

Present: President Mike Willis; Board Secretary Frederick Miller; Trustee John Anderson-Bricker; Trustee Daniel Boice; Trustee Diann Guns (entered at 4:09 p.m.); Library Director Susan Henricks; Recorder Denette Kellogg

Excused: Vice President Jenny Weiss and Trustee Paula Connors

1. President Mike Willis called the meeting to order at 4:06 p.m. and the agenda was adopted.

"Moved to adopt the meeting agenda of Thursday, January 23, 2014."

Motion: Anderson-Bricker
Second: Boice
Vote: Aye – 4; Nay – 0

Guns entered the meeting at 4:09 p.m.

2. Approval of Library Board of Trustees’ Minutes of Thursday, December 19, 2013.

"Moved to approve the Board minutes of Thursday, December 19, 2013."

Motion: Miller
Second: Boice
Vote: Aye – 5; Nay – 0

3. Board President’s Report:

A. Communication with Dubuque City Council for December 2013.

"Moved to receive and file the Communication with the Dubuque City Council from Thursday, December 19, 2013."

Motion: Anderson-Bricker
Second: Boice
Vote: Aye – 5; Nay – 0
4. Motion to Receive and File Informational Items:

A. Library Director’s Report Summary and Update: Henricks provided a written summary on the following topics to the Library Board with additional comments:

Henricks updated the Board on some new off-site programs to be offered by Library volunteers to help raise the awareness of the Library. The first program “While You Wait” is a Library business partnership program that brings books to local businesses and organizations that have waiting rooms. The second program delivers library materials to homebound patrons, similar to the Library’s “Extension” program that delivers materials to local nursing homes. This program is still in the planning stages.

Henricks reported on the two recent leaks in the Staff Lounge resulting from a failure of a heating coil and controller. Total Maintenance, Inc. (TMI), the Library’s Heating Ventilation and Air-Conditioning vendor, has fixed the leaks, and after some further investigation has made changes to the programming of the system in an effort to prevent this from happening again.

Henricks reported on moving forward with the ultraviolet protection (UV) on the Library windows project that is coming up short of needed funds. The project, covering 139 windows and with a project cost of $33,600, would allow for library materials to begin to be protected from the damaging UV rays. Henricks recommended that the Maher Trust funds (unrestricted funds) be used to fund the balance of the project, just over $12,488. The Board concurred with this recommendation and requested Henricks move forward with the project.

Henricks provided an update on the Library’s Integrated Library System (ILS) project. Two vendors are allowing hands-on experience with the new systems, this will allow for staff feedback. The Board encouraged moving forward with this Capital Improvement Project (CIP) as soon as possible to ensure the budget funds remain available.

1) Library Financial Report Fiscal Year 2014 (FY14) – Henricks reported that 50 percent of the fiscal year has lapsed with expenditures at 51 percent and revenue collected at 66 percent of projections.

Revenue for the City has decreased in the current fiscal year. This may impact the library’s budget.
2) Library Use Statistics – Henricks reported that Library check outs were down four percent compared year-to-date. Circulations to Dubuque residents increased 3.3 percent compared to Fiscal Year 2013 (FY13)-to-date and Open Access (OA) transactions were down 1.6 percent compared to the previous year. Visits have decreased one percent and new library card registrations were down 3 percent compared to year-to-date FY13.

The circulation of e-Books has increased 26 percent compared to FY13. The use of databases shows seven with increased use and six with decreased use. With the exception of Heritage Quest, the increases were larger than the decreases seen.

3) Library Services Advisory Committee (LSAC) Update – Henricks reported that there was no meeting in January due to time constraints caused by the budget process for the interim director of the County Library. Jeff Goldsmith, Chair of the LSAC, has requested a meeting in February. Henricks met with the Dyersville and Cascade library directors and discussed partnerships that they have had with the county system in the past as well as other opportunities that have been presented more recently to the county library.

4) Open Access Update – Henricks provided updated statistical reports of open access usage by the Dubuque County Library. An increase in state funding in support of this program was received, which along with new policies implemented that restrict reserving materials made a significant difference in our bottom-line cost of providing service to Dubuque County residents. Overall, 51 percent of all circulations to Dubuque County residents are from the three other public libraries in Dubuque County, and 45 percent are from Carnegie-Stout. The Board discussed the need for this State Library program to be reviewed to better address the problems with the program. Discussion was also held on the need for the State Library to review the public libraries accreditation program.

5) Foundation Update – Henricks reported that the Foundation met on January 16 and they will begin developing a long-range plan with goals and objectives in the coming months. Funding requests in support of library programs were submitted for the following:

- Storybook Walk $500
- Fingerplay Rhyme Book $2,866
- Portable Digital Media Lab Equipment $5,250
- Vending Machine Library Collection Boost - $8,000 for the lease of multiple copies of fiction and non-fiction books

The Foundation will make a decision on the funding requests in the near future.

6) Dubuque Racing Association (DRA) Grant Requests – Henricks reported that grant ideas have been presented to the Library Foundation and the Friends of the Library. The Friends will not meet again until February and they will decide on which project they would like to support at that time. The proposals are:

- Hoopla – Digital movies, music, and audiobooks (our focus would be on movies)
- Introduction of iPads in the library for in-house use
- Portable digital media lab equipment – specifically a 3-D printer and laser cutters

The library's management team has met and discussed the circulation of iPads in greater detail following last month's board meeting and it was agreed that the iPads would be for in-library use. The team agreed that an iPad is a more stable format for e-Books, easier to use, provides a wider range of reading conditions, and was more accessible for disabled people than the current e-Readers.

In-house use of iPads would not take the place of our current computer offerings, rather this equipment will enhance what we provide.

7) City Ordinance Revisions – Henricks reported that city ordinances are currently under revision so that wording is more similar. Henricks has submitted the Library's comments and suggestions.

B. Library Comment Cards - The Library Board reviewed the one comment card received.

Motion: Boice
Second: Anderson-Bricker
Vote: Aye – 5; Nay – 0

5. Action Items – Review of Library Hours: Henricks reported on the review of Library service open hours that was prompted by the decrease in visits to the library this past summer and the likelihood of a perception of safety possibly influencing travel to the Library. A full cost-analysis was given to the board during a two-week period of time in the summer, and again in early December when darkness comes much earlier. Henricks noted visits between 8:00 p.m. and 9:00 p.m. were slower than any other service hour of the day, with Thursday evenings slower both in summer and winter. Henricks suggested that continued review take place along with another analysis done in the spring before recommending any changes to open hours. The Board reviewed and discussed the information provided and concurred with Henricks’ recommendation to conduct another analysis in the spring for further review.

6. Communications/Public Comment – Anderson-Bricker reported on problems when trying to use the demagnetizing feature of the self-check machines for items checked out. He noted that the help video that shows patrons how to use the self-check and demagnetize their items is inaccurate. When he takes his items to the Librarian for assistance they demagnetize the items differently than in the video. Henricks reported she will investigate this problem and get it remedied as soon as possible.

7. Library Board Adjournment - The Board adjourned at 5:29 p.m.

"Motion to adjourn."

Motion: Guns
Second: Boice
Vote: Aye – 5; Nay – 0

Frederick K. Miller, Board Secretary
