A. Library Director's Report Summary and Update: Henricks provided a written summary of the following items to the Library Board with the following additional comments:

1) Library Financial Report – Henricks reported that the month of June marked the end of the 12th month of the fiscal year with expenditures currently under budget at ninety-five percent. About half of this amount came from a savings in salaries and benefits that cannot be used to supplement other budget lines. A carryover of $40,000 into the Library's budget for FY 2010 will be requested. Revenue came in at nearly 126 percent of projections. Budgeted projections for FY 2009 in revenue were lower than typical years as it was predicted that construction would have a negative impact on funds generated. Business actually increased accounting for the extra revenue raised. In the budget process, there is a period thirteen month report of the budget year that is the final reconciliation of the budget year. This report is usually available in early August of each year that provides for the final percentages for the fiscal year.

Guns asked about why the June 2009 Gift Trust report had no investment earnings and asked for an explanation in regard to the expenditure of $28,878.32 from the General Gift Trust being transferred to the renovation. Henricks reported that the thirteenth month report of the fiscal year 2009 is expected to post the investment earnings for the month of June. The transfer of funds from the General Gift Trust to the City Renovation Project Capital Improvement Project (CIP) were the funds previously approved by the Board at their April 15, 2009 meeting in regard to the woodwork in the auditorium and stenciling in the third floor rotunda.

2) Library Use Statistics – Henricks reported that FY 2009 closed with an increase in overall circulation of library materials of 610,268 items circulation. Circulation of this number is remarkable and significant considering that the building has been under construction with disruption to
visitors for six months of the year. Henricks reported that books remain the most popular format to borrow, representing sixty-eight percent of total circulation with the DVD format the second most popular at thirty percent of total checkouts.

Henricks reported that another large, and unpredicted, increase came from "reference inquiries" which were up ten percent for the year.

Internet use by amount of time spent per session was up. The Circulation of laptop computers became very popular with a ninety-eight percent increase over the same time last year. Patrons seem to enjoy the use of the laptops as they can take the laptop to any of the study areas in the Library.

Henricks reported that in the past year the Library has been withdrawing inactive and expired borrowers at a rate of nearly 300 per month, resulting in about 5,000 less borrowers from FY 2008. Although this result reflects the decrease in total borrowers, the 40,211 total borrowers as of June 30, 2009 reflect more active library users.

3) Library Construction Report – Henricks provided an update on the biweekly construction meeting held this morning. She is working with the architect and construction manager in regard to an updated construction schedule and some construction issues including delays in general. It is hoped that the second phase of first floor be substantially complete by August 20, 2009 and that finish work on the third floor will be finished soon. The Board reported its desire for the project to stay on schedule with a quality project in the end.

Henricks reported that furniture bids received came in low enough to allow affordability of the needed workstations library-wide and possibly furnishings for the staff lounge.

Henricks reported that the temporary walls in the second and third floor rotundas will be decorated by local children and local artwork during construction phase transitions.

4) Marketing Update - Library News in the Dubuque Telegraph Herald - Henricks reported on a detailed report, provided by
Librarian Betty Baule, of news appearing in the Telegraph Herald about the Library from January through June 2009.

5) American Library Association (ALA) Conference Summary - Henricks reported on attending the ALA's annual conference in Chicago. A summary of three of the sessions she attended, "Libraries and Local Economic Development," Customer Service from the Best, and "Solutions for Disengaging from Patrons" was provided to the Board.

Henricks reported that four other Staff members attended the conference and attended sessions that applied to their specific service areas.
