The following comments/suggestions were made by the Commissioners:

Section 14. Specialized Commercial Service Providers. Commissioner Brotherton wanted to clarify the meaning of paragraph A.(e.) Certified Flight Instructor specifically for flight instruction in tenant-owned aircraft. He asked that the words “asking for building usage” be added to this line.

Commissioner Kurtz Weber asked that City of Dubuque insurance requirements be added to each section, as necessary. She also asked that on page 22, Section 19. Flying Clubs (F.) “Instruction may be given in Flying Club aircraft to Flying Club members, provided such instruction is given by an Operator based on the Airport who has an agreement with the Airport to provide flight instruction, or by an instructor who is bonded and has an operating agreement with the Airport and has paid all annual operating fees” be removed. It was clarified that the Minimum Standards apply only to Aeronautical operations. All other operators, who do business on the Airport, are required to have a lease or operating agreement with the Airport to conduct business operations. Kurtz Weber also questioned what section of the minimum standards would apply to organizations such as EAA.
