As this publication is printed on Friday, June 5, the events unfolding around the country are not just a response to the tragedy of George Floyd’s death at the hands of law enforcement in Minneapolis. That murder is, sadly, the latest in a long list of injustices experienced daily by people of color around the United States.

We, in Dubuque, like so many around the country, are struggling with emotions and question on how to best advance racial equity and reduce racial disparities here and around our nation.

We must first acknowledge that incidents of police brutality and other acts of oppression and harm that occur hundreds of miles away do have local impacts. Those incidents, while not representative of the majority of individual law enforcement officers, create mistrust, fear, sadness, and anger locally.

We also know that we are not perfect. I want to remind our residents that the City of Dubuque takes police misconduct seriously and we have a forum for complaints against the Dubuque Police Department. This forum, facilitated by the Community-Police Relations Committee, exists through a memorandum of understanding between the City of Dubuque and the Dubuque Branch of the NAACP and includes community members of diverse backgrounds. Anyone with concerns can contact the Human Rights Department at 563-589-4190 for more information or for support in filing a complaint.

As mayor and on behalf of my city council colleagues, I want all Dubuque residents, especially our black and brown residents, to know that we hear you, we see you, and we care about each of you. We recognize that you face daily challenges that most of us do not realize or even understand, but we must listen and seek to understand if we are to create an environment of mutual respect and trust.

This is the crux of the “Black Lives Matter” movement – not a denial that all lives matter, it is that for too long Black lives have not experienced the same care for their lives that many of us take for granted every day.

I also want to acknowledge the peaceful protests and rallies that were held in Dubuque in late May and early June. The conduct of those groups and involvement of local law enforcement was exemplary and showed how engaged residents can come together and effectively make their voices heard, both peacefully and powerfully, in a time of extreme pain, crisis, and anger.

The Dubuque City Council made the conscious decision to include the word “equity” in the City’s Vision and Mission Statements. We are committed to continued dialogue and action. We are committed to acknowledging, to listening, and responding to our community members’ thoughts on what our community needs to heal, what it needs to meet the needs of our families, and finally, to develop the best ways to work together to create the long-term actions that will benefit the Dubuque community.

We also are committed to the actions underway to disrupt racism and to promote equity and inclusion in our community. These include continued support of partnerships and initiatives like Inclusive Dubuque, the Equitable Poverty Prevention Plan, City staff efforts to create equity plans specific to the services each department offers, supporting the Police Chief’s Forum, and continuing intercultural competency training for all City employees.

The City Council also recognizes and invites the varying perspectives of residents to make equitable and inclusive decisions. We encourage community members of color to reach out to us directly. For people interested in a more direct role within government, please consider applying for work with the City of Dubuque, serving on a City board or commission, or running for elected office.

The City of Dubuque will continue to pursue our vision to make Dubuque a “sustainable and resilient city and an inclusive and equitable community” and we will support the Dubuque Police Department’s mission to enhance community livability by providing equitable community service and protection through integrity, compassion, and competence.

We must all commit ourselves to acknowledging and responding to the challenges facing our community, state, and nation.
City Facility Closures and Service Updates

The City of Dubuque extended building closures to the public through July 5, 2020, due to the COVID-19 pandemic. City services to the public are still operational and available either online or via phone or email.

Departments are making efforts to ensure minimal disruption to public services during this time. City officials will continue to evaluate safety and public service needs. Please visit www.cityofdubuque.org for the most current information on City schedule modifications and closures.

Closed facilities/offices include:
• City Hall (50 West 13th St.)
• City Hall Annex (1300 Main St.)

Rent & Mortgage Assistance Programs

The State of Iowa developed a new program to provide short-term relief to income-eligible renters and homeowners who are at risk of eviction or foreclosure due to a documented COVID-19 related loss of income. The COVID-19 Eviction and Foreclosure Prevention Program is administered by the Iowa Finance Authority. To apply, for more information on eligibility, visit www.iowafinance.com/covid-19-iowa-eviction-and-foreclosure-prevention-program or call 855-300-5885.

The City of Dubuque is offering financial assistance to qualified Dubuque renters and homeowners whose income has been reduced due to the COVID-19 pandemic. Applications are being accepted for the City’s Short-Term Rental/Mortgage Assistance Program from Dubuque residents who live in a rental property or own a home and whose income has been reduced due to COVID-19. This program is funded by a federal grant and has income and property eligibility requirements. This is a short-term assistance program and can assist with a portion of approved households’ rent or mortgage for up to $1,000 for three months. For more information, visit www.cityofdubuque.org/housing or call 563.589.4230.

Businesses/employers should call the COVID-19 Business Helpline at 563.588.3350.
Utility Billing News

Utility Billing Department Layout
The City of Dubuque Utility Billing Department has undergone a remodel that updates waiting areas for those paying utility bills and parking tickets. Upon the re-opening of City Hall, residents will notice an area for customers to enter and exit, waiting safely in line to access windows where staff will accept payments.

Reduced City Utility Fee Program Expanded
Effective July 1, 2020, the City will expand its reduced utility fee program for income-qualified residential customers to apply to all four utilities provided by the City: water, sanitary sewer, refuse collection, and stormwater.

The program previously covered refuse collection and stormwater fees but was expanded through the fiscal year (FY) 2021 budget adoption process. Residents who apply for and are approved for the program may receive a discount of up to 50 percent of the established base or minimum rate for each utility.

Applicants must be residents of Dubuque, be individually billed residential account holders/customers, provide proof of financial status or extreme hardship, and have an annual household income equal to or less than the income standards used by the U.S. Department of Housing and Urban Development (HUD) for its rental assistance program. Those household size and income limits for 2020 are: 1 = $29,050, 2 = $33,200, 3 = $37,350, 4 = $41,450, 5 = $44,800, 6 = $48,100, 7 = $51,400, and 8 = $54,750.

The City reserves the right to limit the number and amounts of discounts based on the income of applicants, number of applicants, and budgeted/available funds. For more information, or to apply for this program, visit www.cityofdubuque.org/utilitybilling or call 563.589.4144.
