* INDICATES A COLUMNAR OR UPRIGHT VARIETY

Note: This approved tree list is a compilation of tree varieties chosen to meet the City's street tree planting needs. Selections were made based upon tree size and stature, crown development, hardiness, disease resistance, fruit/seed production, and urban tolerance. This list is intended to be used by the City Forester when making tree selection decisions. Private property owners may use it as a reference for tree selection. Tree selection will be based on species diversity, planting lawn size and City of Dubuque Street Tree and Public Right-of-Way Policy requirements.
