Re: EDA Project No. 05-79-05290
City of Dubuque Bee Branch Disaster Resiliency Project
Bid Document Approval

Dear Mayor Buol,

The Economic Development Administration (EDA) has reviewed the proposed plans and specifications that you submitted for the Upper Bee Branch Creek Restoration project. The documents are approved and you are authorized to advertise for bids.

EDA approval of the project plans and specifications is to assure compliance with the terms of the Financial Assistance Award, and does not imply nor attest to the accuracy or completeness of design, dimensions, details, proper selection of materials, or to compliance with required codes or ordinances.

Once the project has been bid, you will need to obtain approval of the proposed contract award. Please provide the completed Bid Opening checklist and Recommended Award Letter from the Post-Approval CD, along with the following:

1. A certification that the bids were received sealed and opened in public.
2. A copy of the official minutes of the bid opening.
3. A copy of the bid tabulation
4. A copy of the winning bid.
5. A copy of the A/E's recommendation of award.
6. Evidence of publication of the advertisement for bids.

If you have any questions, please contact me at (303) 844-4091

Sincerely,

Vincent Greener, PE, PMP
Project Engineer
