

**TO:** The Honorable Mayor and City Council Members

**FROM:** Michael C. Van Milligen, City Manager

**SUBJECT:** Bee Branch Flood Control Pumping Station Gates and Primary Electric Service Replacement Project (Phase V of the Bee Branch Watershed Flood Mitigation Project), Request for Proposals for Consulting Engineering Services  
CIP #3402608

**DATE:** July 14, 2015

City Engineer Gus Psihoyos recommends City Council approval to proceed with the issuing of a Request for Proposals for design and engineering services for the Bee Branch Flood Control Pumping Station Gates and Primary Electric Service Replacement Project.

I concur with the recommendation and respectfully request Mayor and City Council approval.

Michael C. Van Milligen
