

# Pyrotechnics

(Pyrotechnic use will require City Council approval prior to permit issuance)

## APPLICATION REQUIREMENTS

- Name of the person, group, or organization sponsoring the production
- Date and time of day of the production
- Exact location of the production
- Name of the person in charge of firing the pyrotechnics (i.e., the pyrotechnic operator)
- Number, names, and ages of all assistants who are to be present
- Qualifications of the pyrotechnic operator
- Pyrotechnic experience of the operator
- Confirmation of any applicable state and federal licenses held by the operator or assistant(s)
- Evidence of the permittee's insurance carrier or financial responsibility
- Number and types of pyrotechnic devices and materials to be used, the operator's experience with those devices and effects, and a definition of the general responsibilities of assistants
- Diagram of the grounds or facilities where the production is to be held that shows the point at which the pyrotechnic devices are to be fired, the fallout radius for each pyrotechnic device used in the performance, and the lines behind which the audience is to be restrained
- Point of on-site assembly of pyrotechnic devices
- Manner and place of storage of the pyrotechnic materials and devices
- Material safety data sheet (MSDS) for the pyrotechnic material(s) to be used
- Certification that the set, scenery, and rigging materials are inherently flame-retardant or have been treated to achieve flame-retardancy
- Certification that all materials worn by performers in the fallout area during use of pyrotechnic effects shall be inherently flame-retardant or have been treated to achieve flame-retardancy
- In the case of a hybrid flame effect, identification of those portions of the flame effect that require compliance with [NFPA 160](#) and those portions that require compliance with NFPA 1126

All plans shall be submitted as soon as possible so that the authority having jurisdiction has time to be present and to notify other interested parties. Upon receipt of such application for the pyrotechnics display, the AHJ should make or initiate an investigation of the site of the proposed display in order to determine compliance with regulations in the case of the particular display.

Permit Fee: \$ 100.00 plus standby if required

Update July 2017
