Dear City of Dubuque:

I am pleased to inform you that the **Bee Branch Watershed Mitigation Project** in Dubuque has been selected as the recipient of awards in the following three categories; **Public Works- Recreational, Recreational Trails, and Sustainable Practices** for 2017. The Excellence in Concrete Awards will be presented during the luncheon at the Iowa Better Concrete Conference on Thursday, November 9, 2017, at 11:45 a.m. The conference will be held at the Scheman Center on the Iowa State University Campus in Ames.

Steve Kluesner of BARD Materials nominated the project for consideration by a panel of industry judges. On their behalf, the Association is now inviting everyone involved (owners, architects, engineers, and contractors) to share in the honor of the awards presentation.

Please complete the attached IRMCA response form and mail, fax, or email it to the IRMCA office by **November 1**. We will use this information to properly recognize individuals from your company.

You must still register for the Awards Luncheon or the entire Conference through Iowa State University by visiting <http://www.intrans.iastate.edu/events/iowa-better-concrete-conference/>, or by submitting the attached registration form along with your payment to Iowa State University. Please note that an early registration fee is available for the entire conference thru November 1, 2017.

Congratulations on your winning project! We appreciate your continued support and hope to see you on November 9th.

Sincerely,

A handwritten signature in black ink that reads 'Steve J. Mallicoat'.

Steve Mallicoat  
Director of Engineering and Education
