DEPARTMENT/DIVISION: Purchase Of Services
RESPONSIBILITY: Erica Haugen, Community Development Specialist

Purchase of services activities are those services that the City feels fit the goals and priorities of the City and are not required to be provided or would not be provided in the normal course of City business. In Fiscal Year 2014, an application process was implemented for the funding of purchase of service agencies.

The FY 2020 budget recommends an allocation of \$100,000 in General Fund and \$30,000 in Community Development Block Funds for a total of \$130,000 to fulfill some of the recommendations of the Community Development Advisory Commission.

The recommendation of the Community Development Advisory Commission will be made to City Council after the FY 2020 budget is adopted on March 7, 2019.

The FY 2019 purchase of service grants will not be awarded by the Community Advisory Commission until January 2019 when Community Development Block Grant funds are released.

The following purchase of service agencies have received funding in the past:

Agency	FY 2019	Funding Source
Area Residential Care	\$12,777	General Fund

Contracted services are services that the City would have within its organization regardless of who provides the service. Contracted services in many cases leverage other resources that would not normally be available to the City. An example is the Dubuque Humane Society which provides a heightened level of service for animal control over what the City would provide for animals.

The contracted service agencies that received a 10% reduction in their service contract in FY 2018 are recommended to be fully funded in FY 2020. The following agencies have received or are being recommended to receive funding as contracted services within other departments:
