WHAT 2024 ATTENDEES HAVE TO SAY:

"The conference was well-organized! I learned a lot and appreciated all of the sessions I attended and the location along the river was beautiful. I appreciated the opportunity to share my work with a terrific group of participants. I hope to be back!"

"We were a partner and exhibitor. We found our booth location to be ideal and we received a lot of good traffic. We made several connections. Times for booth load in and out were great!"

"This conference was fantastic, I was not sure what to expect as it was my first time but I truly had an amazing time making connections, meeting others in this field, and interacting in a variety of ways. I especially enjoyed the Whova app and loved all of the features, this was huge for me in terms of accessibility as someone with invisible disabilities."
