

Planning for Halloween in COVID-19

Halloween may look a little different this year, but it won't be any less fun! Here are some alternative ways to celebrate with your friends and family.

- Host a party with a limited number of close friends and/or family while still social distancing.
- Host a Zoom party with games and costume contests! Goodie bags can be dropped off on doorsteps in advance or picked up from one location.
- Have a Netflix party! Watch a scary movie using Netflix's new party feature where you can watch with friends and family from a distance.
- Set up candy stations throughout the house and yard and let your kids run wild!
- Dress for dinner! Host a themed dinner party with your family where everyone dresses to theme.

- Create a scavenger hunt throughout your house!

- Visit your friends and family in costume and drop off Halloween treats! Make sure to keep distance by staying in your car or visiting from the sidewalk.
- Go reverse trick or treating! Dress in costume and hang at the house while friends and family drive or walk by with candy. Consider setting a spooky scene for passerbys to see.
