

Total Grant Budget, Deliverables, and Timeline: Complete the below table to show a clear record of the total projected budget by funding source and a project timeline. While this grant cannot exceed \$2,500, the total budgeted amount can be higher than \$2,500 if any matching fund leverage is present. A match is required for Sustainable Dubuque grants and matching resources for all awards are tracked. The match does not have to be 100% of requested funds and can be volunteer time, supplies or a cash match. Use \$0.00 in any Sustainable Dubuque or other sources line item that is not being asked to cover an expense item.

Expense Item	Deliverable	Delivery Date(s)	Total Cost of Expense	Amount from SD grant	Amount from Other Sources (Match)
			\$	\$	\$
