**B.3 Progress Report.**

Provide a description of the PHA’s progress in meeting its Mission and Goals described in the PHA 5-Year Plan.

**Mission:** The City of Dubuque Housing & Community Development Department’s mission is to provide decent, safe, and affordable rental housing and to provide opportunities that promote self-sufficiency, economic independence, and homeownership opportunities for eligible Housing Choice Voucher participants.

**PHA Goal:** Meet the need for quality, affordable rental homes – The City of Dubuque has worked with Greater Dubuque Development Corporation to identify the specific housing needs in the Community. Using that data, the City has been working with developers to address the housing needs and find ways to use Housing Tax Increment Financing as well as other possible revenue streams to help support and incentivize housing development in the City. The City of Dubuque PHA has also adopted the International Property Maintenance Code for building inspection compliance. This has helped to set the standard for quality units and fair housing opportunities to voucher holders and all tenants throughout the City.

**PHA Goal:** Increase the Acceptance of Housing Choice Vouchers by Housing Providers – The City of Dubuque has increased landlord education about the HCV program as well as created a landlord education video to be shared among that specific group in hopes to dispel some of the HCV rumors while also providing information as to why/how HCV benefits the entire community. PHA also implemented a new, easier to use software that aids owners and tenants in communication and document transmittal, allowing the HCV program to progress with the times and provide ease of use. The voucher payments standards are reviewed yearly, if not more, and updated to reflect market changes and demand.

**PHA Goal:** Implement local government policies that encourage equity and decrease disparate impacts – constant review of data surrounding voucher issuance and use in order to identify possible barriers or impacts that need to be addressed in order to run a fair and equitable program.

**PHA Goal:** Increase access to opportunity and the building of social capital – The Childcare Initiative has been working hard to identify needs of and barriers to the community’s workforce. Several needs were identified. One outcome is the opening of a new childcare facility that can address the childcare needs in the community and therefore, allowing working parents more opportunity and workforce advancement potential.

</tr>
<tr>
<td>• Worked with Greater Dubuque Development Corporation to gauge the Housing needs in the Community. Using that data and knowledge, we continue to work with developers and owners looking to create and maintain affordable housing stock throughout the community.</td>
</tr>
<tr>
<td>• Efforts continue to provide City support to developers seeking Low Income Housing Tax Credits for the creation of new affordable rental units.</td>

<tr>
<td>• The City of Dubuque Housing &amp; Community Development Department has many different programs that aide in the preservation and creation of quality, affordable housing. CDBG funds are utilized for housing rehabilitation purposes and blight reduction.</td>
</tr>
<tr>
<td>• A first-time homebuyer program is available and helps align interested clients on the path to homeownership through education, down payment assistance, and a low interest loan to allow homeownership to be attained.</td>
</tr>
<tr>
<td>• We also continue efforts to affirmatively further fair housing through our rental licensing and tiered inspections process by cracking down on non-licensed rental units and by adopting the International Property Maintenance Code to hold units to a higher standard with the goal of providing quality, healthy, and safe environments for citizens to choose to live in.</td>

<tr>
<td><strong>Sub Goal: Reduce negative community perceptions of poverty that impacts fair housing and access to opportunity for low-income residents</strong></td>
</tr>
<tr>
<td>• Complete an Equitable Poverty Prevention Plan and implement recommendations – In fiscal year 2020 the City hired a consultant to oversee the development of the Equitable Poverty Prevention Plan. Multiple avenues of research and community engagement assisted in the creation of the final plan that was presented to the City Council in January 2021. Recommendations from that plan were used as guiding principles to form budget requests and guide resource enhancements in the community. The City created an Office of Shared Prosperity as a new department with a focus on neighborhood equitability and inclusion. Fiscal Year 2022 focused on getting that department established and for data collection to begin. Fiscal Year 2023 will focus on beginning to evaluate available data while also identifying other needed data points to focus efforts on.</td>
</tr>
</tbody>
</table>
| • Continue efforts of re-branding the HCV Program adopted by City Council as an alternative to a Source of Income Ordinance – In fiscal year 2020 the City focused on researching ways to incentivize landlords to accept HCV Program vouchers. We are still implementing efforts to increase landlord education surrounding the HCV program, a landlord education video was released in Spring of 2022. Despite efforts to promote landlord incentives in fiscal year 2021, we learned that they were not successful in substantially
increasing landlord participation. Fiscal year 2023 will focus more on the landlord/PHA communication to ensure those landlords that do participate in the HCV program continue to accept vouchers.

- Implement communication and trust-building activities for landlords and HCV program participants – In fiscal year 2022 City staff continued to meet with the Landlord Association monthly to trouble shoot the reasons for low participation numbers and portray an accurate picture of available units willing to accept HCV payments. Educational outreach, direct deposit payments and online landlord document access continue to be utilized and help to recruit and gauge interest in program participation by landlords. Fiscal year 2023 will be focusing on modifying the PHA website to be more user friendly and creating ease of accessibility for owners looking for information as well as locating documents, checklists, and regulations.

**Sub Goal: Streamline processes that create barriers for housing providers to accept vouchers.**

- Produce online briefing to increase awareness of tenant responsibility - The online briefing was created and went live in the summer of 2020. This has allowed the process to be more streamlined and convenient for clients to do at their leisure within a specific time frame and has allowed many to lease up at a quicker rate due to the ease of accessibility. This continued to be a pivotal asset in 2021-2022 due to the COVID-19 Pandemic and the health risk implications face to face meetings imposed. In person or phone briefings are carried out on a request basis. Fiscal year 2023 will focus on simplifying the information overload given at the briefing, with an emphasis on making sure clients understand the rules and regulations, while also answering many of the common questions/issues that arise for tenants utilizing the HCV program.

- Update Voucher Payment Standards and review exception rent using Small Area FMRs by zip code in order to maximize payments to match the market while enticing areas outside of the 52001-zip code to accept HCV program participants as tenants. The Voucher Payment Standards were reviewed and revised to go into effect December 1, 2022. The PHA chose to increase VPS to 110% of FMR while continuing to offer exception rent areas in the form of Small Area FMRs in the 52002 & 52003 zip codes in an effort to promote lease ups in areas of the city that don’t have a lot of voucher holders. The de-concentration of poverty initiative is guiding the higher VPS in the 52002 & 52003 zip codes, with the goal of allowing voucher holders the opportunity to have a choice to rent in other areas outside of the heavily voucher leased 52001 zip code area. Voucher Payments Standards continue to be reviewed based on market fluctuations due to unit demand and availability.

- In fiscal year 2023 the City of Dubuque is pursuing the implementation of a residency preference for the HCV Waiting List lottery, whereas a preference point will be added to an applicant’s application if they are currently a City of Dubuque resident. PHA believes this effort will lead to quicker lease ups and greater landlord participation. This change is needed due to the low number of vacant units available. To maintain funding levels needed, the PHA needs to serve tenants under a current lease that are in need of assistance.

**Fair Housing Goal:**

*Describe fair housing strategies and actions to achieve the goal*

**PHA Goal: Implement local government policies that encourage equity and decrease disparate impacts**

**Sub goal: Conduct audits to decrease disparate impacts**

- Audit background check process from local ordinance requirements - In fiscal year 2020 the City began researching background check processes. The City runs free background checks for landlords on prospective tenants for the HCV program. Feedback received showed that these reports were confusing and could be adversely affecting tenants. We had cross-departmental staff examine the documents that housing providers receive, and most people were unable to read them correctly; According to HUD guidance and the Analysis of Impediments – best practice was not to rely on arrests in making rental decisions due to potential disparities and bias. While we did not have a way to know how each landlord used the information, we determined that we were likely contributing towards bias and inequity and stopped this practice. On October 22, 2020, arrest records were removed from the landlord background checks provided by the City. This continues to be our procedure. The background checks were reviewed again in April 2021 to ensure compliance with new forms.

- A new software to manage the HCV caseload and expenditures was implemented in the Spring of 2022. This new software enables the PHA to gather additional metrics and data to be available to assist in the analysis of community needs and barriers.
• Efforts continue to translate all necessary documents into Spanish and Marshallese in order to break down communication barriers and allow easier accessibility to programs and information for the entire community. PHA is focusing efforts on translation services and interpreter needs and accessibility.

• Efforts increased to create more social media presence to engage the community through education and awareness. A landlord education video was released in Spring of 2022. City staff is also researching the potential benefits of offering a tenant education course and other possible ways to lessen the burden of moving and unit damage.

**Sub Goal: Analyze data to increase equity**
Implement quarterly review of eviction data for disparate impacts – We will not be able to track this data due to the lack of capability in the County Offices to support reporting. We will continue to work with individuals and complaints about wrongful evictions at this time.

---

**Fair Housing Goal:**

*Describe fair housing strategies and actions to achieve the goal*

**PHA Goal: Increase access to opportunity and the building of social capital**

**Sub Goal: Evaluate barriers that still exist, preventing residents from earning a livable wage, and address barriers to success.**

- Join the Childcare Initiative to find ways to fund/provide childcare without 2 year waiting periods – In fiscal year 2021 we participated in many of the Childcare Coalition meetings in order to help generate ideas and identify potential barriers, resources, and solutions to assist parents in their goals of balancing a family and a career. In 2022 the City of Dubuque PHA worked with Childcare initiative to put the data and research into action, the result is a new childcare facility to address the working parent barriers – scheduled to be opening in 2023.

- Sustainability Coordinator was granted additional funding through the City’s annual budget process to add a summer intern, it is a goal for that department to do some additional work to address the food deserts in the community.

Topic: PHA Annual Plan Review and Admin Plan Changes

Gina Hodgson called the meeting into order by 11:05 am. Gina introduced staff, welcomed attendees, and defined the purpose of the PHA Annual Plan and Administrative Plan and how the RAB impacts the plan with their feedback.

Gina used a slideshow to review the current goals and subgoals of the PHA Annual Plan and progress made towards those goals within the last year.

Gina reviewed the first goal: Meet the need for quality, affordable rental homes. She stated that the City Housing Department currently offers Small Area FMR’s at 110% to provide more housing choice around the City.

She then reviewed the second goal: Increase the acceptance of Housing Choice Vouchers by Housing Providers and it’s subgoal which is to “Reduce negative community perceptions or poverty that impacts fair housing & access to opportunity for low-income residents. Gina reviewed that the Housing Department offered landlord incentives using Cares Act funding to increase landlord participation and a landlord engagement video was created and released.

The third goal was: Implement local government policies that encourage and decrease disparate impacts. Out of this goal, arrest records were removed from background checks to landlords and only convictions are provided.

The final goal presented was: Increase access to opportunity and the building of social capital. The subgoal was to evaluate barriers that still exist, preventing residents from earning a livable wage. Gina stated that a study conducted with multiple community agencies identified childcare as a barrier. Dubuque does not have enough affordable,
quality childcare offered at different hours of the day to capture weekend and 2nd shift workers. A childcare is being built on the West End to alleviate some of these barriers.

A RAB member had several questions about the childcare facility. He asked if the childcare center was going to be offered to all or just low-income families. He asked if there would be preference for low-income families. He asked if they are pre-signing people up and how many people will be served. Gina stated that she does not have specific details about the childcare center but that the Telegraph Herald had an in depth article about the plans of the facility and also stated that Greater Development Dubuque Corp may have information as well if they are interested in seeking more specifics.

Another member of the RAB stated that they are porting to Cedar Rapids and asked if these goals apply to their new Housing Authority. Gina stated that the HUD HCV regulations will be the same but that the plan and admin plan will be specific to Cedar Rapids.

Gina then began to cover the Admin Plan changes. She informed the group that we use the Nan McKay admin plan and it is updated each year to reflect changes in Federal Language and that we have recently updated to the 2022 model.

She said that there have been simple changes such as language added in Chapter 3 that all VASH participants must be referred by the Iowa City Veteran’s Medical Center in order to be eligible for the program.

She also stated that language was added to reflect that The Rose of Dubuque who has a contract with us for 17 Project Based Units, will determine final eligibility of waiting list applicants.

Language was added to the plan to update the allowance of virtual briefings.

Gina then covered the Preference Point policy that will be introduced to Council for approval. The preference point will provide preference to an applicant who lives within the City of Dubuque or who has accepted employment within the City of Dubuque.

The RAB did not provide any comment for the Administrative Plan changes or about the preference point and had no questions. The meeting concluded at 11:40 am.
