Swim Lessons Sections

Preschool Beginner
For swimmers ages 3-5 years old AND be supervised with a guardian age 14 and older who remains in the water. Children in this level will become comfortable to submerge head, jump into pool by self, and complete front and back glides, floats, and supporting arms.

Advanced Preschool Beginner
For swimmers ages 3-5 years old who are comfortable in the water with swim instructor and do not require additional assistance with guardian. This class will focus on bobbing, rhythmic breathing, front and back floats with kick, and jumping into deeper water with assistance.

Beginner I
It is not required that the child take Preschool Beginner class first; the level depends on the swimmer’s comfort in the water. Child must be at least 6 years of age. Primary skills are taught to include water exploration, front and back floats, rhythmic breathing, glides with kicks, and jumping into deep water with assistance.

Beginner II
Stroke Readiness: Swimmers will learn to front and back glide the length of the pool, and be introduced to beginner crawl, back crawl, and elementary back stroke.

Advanced Beginner I
Stroke Development: Students will be able to complete 25 yards of the front crawl, back crawl, and elementary backstrokes. Deep water exploration will be encouraged with deep water dives, swims, and treading water.

Advanced Beginner II
Stroke Refinement: Swimmers will demonstrate alternate rhythmic breathing, deep water bobs, and diving from board. Fifty yards of continuous swims will be performed for both front and back crawls, as well as 25 yards of breaststroke, sidestroke, and elementary backstroke.

Intermediate - Skill Proficiency
These advanced swimmers will perform each stroke continuously for 100 yards without breaks, using flip turns. Pike and tuck dives will be introduced, as well as basic water rescues and safety.

Swimmer - Advanced Skills
Students in this level are at the most advanced stage. During this session they will be expected to swim 200 yards front crawl, 100 back crawl, 50 side stroke, and become introduced to the Butterfly.
