

KNOW YOUR FIRE EXTINGUISHER

TYPES OF FIRES

Use "A" rated extinguishers on
Ordinary fires: wood, paper, cloth,
Etc.

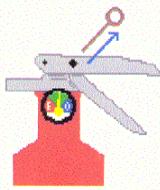

Use "B" rated extinguishers on
flammable liquids: gasoline, oil,
paint thinner, etc.

Use "C" rated extinguishers for
live electrical equipment.

HOW TO USE P.A.S.S.

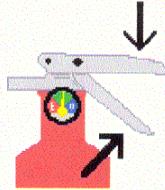

**1 Hold upright
Pull pin**

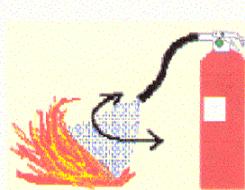

**2 Aim at base
of fire**

3 Squeeze lever

4 Sweep side to side

Evacuate building

Call Fire Department

Quickly check label for proper extinguisher type

Make certain gauge is in green

Keep your back to exit.

Never turn your back, even if extinguished

Extinguishers are for fires of limited size. If you have to ask yourself should or
shouldn't I ... You probably shouldn't.
